After this immersion in nature we reach the local market of Candikuning. Fragrant spices, flowers for divine offerings and exotic local fruits envelop this folkloric melting pot of local life. Late in the morning we reach Pura Ulun Danu Bratan, one of the most scenic temples on the island. Built entirely within the volcanic lake of Bratan, surrounded by colorful lilies, gardenias and water lilies, it is undoubtedly one of the most unforgettable "postcards of Bali." Stop for lunch at a local restaurant and continue to the southwest coast, reaching the Tanah Lot complex. Built in the 15th century on a cliff surrounded by waves (its name literally means "land on the sea"), at sunset it becomes one of the most "Instagrammed" places in Bali. At the end of the visit, return to the hotel, dinner at the hotel and overnight stay. Treatment: full board.

The program begins with a scenic walk inside the famous "monkey forest," a dense forest of giant moss-covered "banyan" trees at the base of which fall dense lianas that make these vistas a true wildlife sanctuary. A kind of playground for the hundreds of specimens of long-tailed macaques, sacred to the local people. We will continue on to visit the Gunung Kawi temple complex (about a 30-minute drive), locally called Pura Gunung Kawi, one of Bali's most unique archaeological sites, consisting of a collection of ancient shrine reliefs carved into the face of a cliff. At the end of the tour, we head to Kintamani, a scenic location in central Bali, from which to view the sacred volcano Gunung Batur and the large blue lake within its caldera. Lunch at a local restaurant. Afternoon devoted to visiting Mother Temple Besakih, the largest and most revered complex consisting of some 30 temples and more than 200 buildings and certainly the center of religious life in Bali.
