DAY 2 29.04.2023 MASSA MARITTIMA - CASTIGLIONE DELLE PESCAIA

Breakfast at hotel. Departure by reserved GT coach for Massa Marittima. Morning dedicated to a guided tour of Massa Marittima. A true gem of the Tuscan Middle Ages, it preserves an extraordinary square overlooked by all the symbols of the city's thirteenth-century power: religious, economic and political. They are represented by the very famous Cathedral of St. Cerbone, made entirely of travertine, the Town Hall, the Mint Tower and the Praetorian Palace. On this square twice a year an ancient and heartfelt competition between crossbowmen, the Balestro del Girifalco, takes place, surrounded by flag-wavers and figures in medieval costume. Massa has 14th-century walls and fortifications and the stunning Gothic Church of St. Augustine, inside which is preserved the habit of St. Bernardine, who was born here in 1380. Lunch in typical local restaurant with 4-course menu including drinks Transfer by GT coach to Castiglione della Pescaia. Afternoon dedicated to a guided tour of Castiglione della Pescaia, a beautiful seaside village overlooking the coast from the top of the Aragonese Castle. Inside its walls it is still possible to admire the medieval appearance and charm in the various buildings built with characteristic stone wall structures. At the end of the visit transfer to the hotel. Dinner with 3-course menu including drinks

3RD DAY 30.04.2023 GROSSETO - ROSELLE ARCHAEOLOGICAL AREA

Breakfast at the hotel Guided tour of the town of Grosseto. The development of the town is more recent than that of other ancient villages rising in Maremma, roughly in 935, the year in which the town of Roselle was completely destroyed by Saracen pirates. The town's characteristic historic center is enclosed by the ancient Medici walls that have retained their original appearance to this day. Free lunch Afternoon dedicated to visiting the Archaeological Area of Roselle, located about 8 km north of Grosseto, preserves the remains of the ancient center that stood here in Etruscan and Roman times. Roselle was a coastal city on the ancient Lake Prile, important for fishing and trade with inland Etruscan cities. It was inhabited from the first half of the seventh century B.C. until the second century; from this time on, the city was subject to a sharp decline that gradually affected all Roman cities. At the end of the visit transfer to the hotel. Dinner with 3-course menu including drinks
