

## TOUR E-BIKE IN VALLAGARINA AND GARDA LAKE

**Duration:** 2 days / 1 night

**Min number of people:** 8

**The price refers to:** person

---

*Program:*

## DAY 1 - Ponale e-Bike Tour

Arrival in the morning directly at the Bike Station Baldresca, the starting point for an e-Bike tour to discover Lake Garda, reaching Lake Ledro. An extremely exciting excursion that takes us to Lake Ledro via the old road that connected Riva del Garda to Molina di Ledro. The road is unpaved, with a compact and fairly uniform surface, completely overlooking Lake Garda. It was built between the rocks, with exclusive passages and tunnels dug mostly with manual tools. The maximum gradient does not exceed 5%, and it is easily accessible even for children (10+). You start from the Bike Station, and through the cycling network, you reach Torbole sul Garda, continuing along the lake until you reach the hydroelectric power station in Riva del Garda. From there, you join the Ponale Path and progressively climb towards the Ristorante Belvedere, located at the end of the unpaved section. It is possible to continue along an asphalted stretch that leads to the Madonna di Pregasina Monument, where you can enjoy a breathtaking view of the entire northern part of Lake Garda. During the route, you can stop at various local places, or alternatively, enjoy a packed lunch independently while admiring the panorama. From here, departure to R&B Villa Cameras, located at Via del Garda 85, 38065 Mori (TN). Check-in is expected around 6 pm. Typical dinner is scheduled for 8 pm at a restaurant just a few meters from the property. Overnight stay.

## DAY 2 - Tour by e-Bike in Vallagarina

Ecco la traduzione in inglese: Check-out early in the morning, around 08:30 am. Departure is scheduled for 9 am. The tour includes a cycle tour of Rovereto, the capital of the Vallagarina region, where you'll discover the Campana dei Caduti (Bell of the Fallen), the Mart – Museum of Contemporary Art of Rovereto, the Casa di Depero (Depero House), and the Casa Mozart, as well as the Museo del Caffè Bontadi, the oldest coffee roastery in Italy. Afterwards, the tour will continue towards the first hill of Rovereto, reaching the Bosco della Città (City Forest). Along the way, you can stop for refreshments at the Bici Grill di Nomi, or alternatively, enjoy a packed lunch on your own. In the early afternoon, the tour will continue through the countryside and vineyards of northern Vallagarina, visiting the Biotopo di Taio and reaching Castel Beseno, with a stop at the Cascade del Zambel (Zambel Waterfalls). Through the entire cycling network of Vallagarina, along the Adige River, the route will bring us back to Rovereto, passing through the historic village of Sacco, and return to the Bike Station (starting point), around 5 pm.

### Il tour include:

Overnight stay one night in R&B Villa Cameras with half board Certified SieB guide Medical insurance E-Bike and helmet Tasting at Balter winery Assistance in case of need Alternative plans in case of bad weather Tutor available throughout the vacation

### Nel tour non è compreso:

Transfers Lunches Tourist tax

An experiential proposal, exploring the largest lake in Italy with its unique characteristics and a historic road called "la Ponale," which runs entirely on the edge of the majestic body of water that defines it. An experience that continues with the discovery of the natural beauty of **Vallagarina**, with its castles, vineyards, and bio-enogastronomic productions.
